BRAINERD LUMBER COMPANY,

BRAINERD, MINN.

Mills and Yards at Rice Lake, East Brainerd.

We have constantly on hand a complete stock of Lumber, Lath Shingles and Building Material. Short Lumber of all grades, and Low Grade of Dimension and boards at very low prices for Cash.

LARGEST OF DRYDOCKS.

New Shipbuilding Combine Will Erect It on Staten Island Shore.

New York is to have the largest drydock in the world. Plans have been prepared and property is now being acquired, says the New York Herald. More than this those responsible would not say the other day. It is known, however, that the dock is to be built on the eastern shore of Staten Island, not far from quarantine. This is only one of the enterprises contemplated by the organizers of the shipbuilding combination, for the reason that in the near future it can no longer be said that in this, the world's greatest harbor, the largest ship afloat cannot be docked or repaired.

The firms in the new combination are the Union Iron works of San Francisco, the Bath Iron works (limited) and the Hyde Windlass company of Bath, Me.; the Crescent shipyard and the Samuel L. Moore & Sons company of Elizabethport, N. J.; the Eastern Shipbuilding company of New London, Conn.; the Harlan & Hollingsworth company of Wilmington, Del., and the Canda Manufacturing company of Carteret, N. J.

Continuing his talk concerning the combination, Mr. Nixon said: "From the nature of shipbuilding conditions in this country this combination is not for the purpose of putting up prices or in any way restricting production. By economical and efficient management it will be able to reduce the cost of production, and the larger the value of the work in hand the more fully will the advantages of the co-operative combination be realized.

"When the combination is actually formed, it will start with contracts aggregating \$37,000,000, which will be cleared from the books within three years. No other industry can so di-

rectly benefit the United States generally as one successfully carried out on the lines we propose.

"More directly will New York be benefited than any other city. That is because its greatness depends to a wonderful extent upon its foreign trade. It is a fact that we have long been ashamed to confess that while we have here the best harbor in the world, which is visited by the largest ships afloat, we have not the means of docking or repairing those ships. That condition will be remedied, and, as I have told you, a drydock will be built in this harbor which will be large enough to float the greatest of all great ships."

HUGE METEOR IN MEXICO.

Professor Henry Ward Estimates Its Find to Weigh Fifty Tons.

One of the largest meteorites known to science has been unearthed in western Mexico by Professor Henry A. Ward, formerly of Rochester, N. Y., now of Chicago, says the Philadelphia Press. The first public announcement of his great find was made a few nights ago before the Rochester Historical society. Professor Ward is well known as the founder of the Ward Natural Science establishment of Rochester. His collection of meteorites is fourth in point of size in the world and contains many stones of great rarity and value.

The discovery of this great meteorite is considered an important addition to the knowledge of these mysterious visitors. The stone weighs over fifty tons, is over thirteen feet in length and lays buried by the terrific force of its own momentum nearly twenty feet in the earth. It plowed into it like a steel shell from a thirteen inch gun.

Professor Ward broke off small portions of the great mass as specimens for his collection, but left the remainder intact practically as he found it. He said that the cost of transporting it to the seacoast, seventy-one miles away, would have been more than \$50,000. He succeeded in securing several fine photographs of the stone which show it in all its huge, ungainly shape.

WRECK ON THE OMAHA

PASSENGER TRAIN RUNS INTO AN OPEN SWITCH AT ASHTON, IA.

TWO PERSONS ARE KILLED

Mail Clerk Is Crushed and the Fireman Scalded to Death—Engineer and Four Other Clerks Badly Bruised and Scalded—Train Was Running Seventy Miles an Hour to Make Up Lost Time.

Sioux City, Ia., June 23.—While pounding along the rails at a rate of seventy miles an hour to make up lost time the heavy through northbound passenger train of the Omaha railway left the track at a defective switch at Ashton, Ia., shortly after 1:30 o'clock a. m.

Fireman Clinton W. Bassett of Sioux City and Mail Clerk C. J. Robinson of Council Bluffs were killed; Engineer Alvin Canfield of Sioux City was badly injured, sustaining a broken arm, severe cuts about the head and serious bruises, but will recover; Mail Clerks F. E. Weston and J. K. Erskine of St. Paul were pinned under their car and dreadfully scalded; Mail Clerks U. S. Thompson and C. A. Hall of St. Paul were bruised and scalded, but they will recover. The passengers in the sleepers and day coaches were badly shaken up and bruised, but none of them were seriously hurt.

The train consisting of a mail car, express car, composite baggage and buffet car, two sleepers, chair car and two day coaches, was heavily loaded with the usual night traffic for St. Paul, and only one of the unaccountable freaks of railway accidents prevented the disaster from resulting in a terrible calamity with scores of dead and injured. The track at Ashton is a noted speedway and Engineer Canfield was sending his train along at a cannon ball rate to make up an hour's time lost at Sioux City, when he hit a broken switch, which started one portion of the train one way and the other in another direction.

Then came a terrific shock, which brought the train to almost an instant stop, jarring passengers from their berths and seats and sending the engine crew

Hurling Through the Air while the mail clerks were rattled about like peas in a box in the heavy mail car.

The engine was thrown off with its head pointing toward the rear of the train and turned upside down. The mail car leaped upon it and the heavy composite car struck it and split it in two from stem to stern, crushing it and burying the mail clerks beneath its ruins. The express car was thrown from the right of way. The heavy composite car then bore the brunt of the force of the rear sleeper and coaches and prevented them from leaping into the confused mass ahead. They were thrown from the track, but right side up, and the passengers escaped with bruises.

At the head of the wreck the scene was one of frightful confusion, steam escaping from the boiler in great clouds, scalding the fireman to death before he could be released and seriously burning all of the mail clerks, who were imprisoned like rats in a trap in the splintered car.

The town was aroused and the uninjured passengers helped in giving relief to the victims. A wrecking train was soon sent out from St. James, Minn., in charge of Superintendent J. P. Slaker.

Engineer Canfield was brought to Sioux City. The injured mail clerks were sent to St. Paul, while the body of Robinson was taken to Council Bluffs. Fireman Bassett's remains will be taken to Neoga, Ill.

DYNAMITED THE TRACK.

Attempt to Wreck a Circus Train on the Northern Pacific.

Duluth, June 23.—Dynamiters made what it is believed was a deliberate attempt to wreck a circus train bound for Duluth on the Northern Pacific railway at a point between Maple and Poplar, Wis.

In seven different places between these two points the track was blown up by dynamite and no traces of the perpetrators have been found. The first explosion occurred at 3 a. m., just as a freight train was nearing Maple. The train was brought to an abrupt stop and sentinels were sent along the track towards Poplar to warn the incoming circus specials.

Officials of the railway company have begun an investigation and hope to capture those responsible. The only clue thus far upon which to base the cause is that tramps were seen in Maple acting suspiciously. The damage to the track was repaired by a wrecking crew from Poplar after a few hours' work.

Immigration Restriction Bill.

Washington, June 20.—The senate committee on immigration has authorized Senator Penrose to make a favorable report on the house immigration restriction bill. Some amendments were made to the portion of the bill pertaining to an educational test for immigrants so as to make it conform to the original senate bill. The bill will not be reported until next Monday. An effort will be made to have it considered during the present session.

FOR BURNING A COCKPIT.

Captain Wild Sentenced by Courtmartial to Be Reprimanded.

Manila, June 23.—Captain Frederick S. Wild of the Thirteenth infantry has been sentenced by courtmartial to be reprimanded for the burning of a native cockpit at Lingayen, province of Pangasinan, Luzon.

It is presumed that the soldiers of Captain Wild's command burned this cockpit from motives of revenge for the attempted killing of two of their comrades by natives. Mr. Johnston, a civil judge, wrote that soldiers had been seen burning the cockpit and intimated in his letter that as a result of his investigation of the matter Captain Wild could give information of the occurrence. To this letter Captain Wild replied that Mr. Johnston's statement was unjust and that he knew nothing of the burning of the cockpit. The captain added it was evident that much more importance was attached by the provincial officials to the burning of the cockpit than to the attempted assassination the same day of two American soldiers.

In approving the findings of the courtmartial, which sentenced Captain Wild to be reprimanded, General Chaffee says the captain violated a general order and did not show proper respect to the civil authorities.

IS NOT MADE PUBLIC.

Reply of the Vatican Has Been Received by Governor Taft.

Rome, June 23.—The reply of Cardinal Rampolla, papal secretary of state, to the presentation by William H. Taft, civil governor of the Philippine islands, to the Vatican of his instructions from Secretary of War Root, has been received by Governor Taft. It has been translated into English, and, after due consideration of the cardinal's answer, Judge Taft does not deem it proper to permit its publication at the present stage of the proceedings, because he fears that by so doing he might embarrass the negotiations.

Cardinal Rampolla has submitted a copy of his reply to Judge Taft to the committee of cardinals which was formed to consider the matter of the religious orders and other church affairs in the Philippines, in order to inform them of the precise scope of the questions involved and upon which he hoped definite results will shortly be arrived at.

It cannot be said that any conclusion has as yet been reached, but the general tenor of Cardinal Rampolla's reply gives reason to expect that Governor Taft's negotiations will be entirely successful.

Governor Taft will answer Cardinal Rampolla's letter next Wednesday.

KING MUCH IMPROVED.

His Recovery From His Recent Indisposition Very Rapid.

London, June 23.—King Edward's daily life for the past week has been regulated to conform very closely to his physician's advice, and this regime has had a very beneficial effect in bringing about his rapid recovery from his recent indisposition. He retires early and rises late; he breakfasts alone and receives the fewest possible guests. He has even failed to attend some of the private morning services in the chapel at Windsor castle. All state business possible has been put aside and his majesty has occupied the spare hours of the past week in playing quiet games with members of his own household in his own room.

Various wild rumors current in London concerning the health of King Edward were referred to Sir Francis Knollys, private secretary to the king. To these queries Sir Francis has telegraphed the following reply from Windsor castle:

"There is not one word of truth in these reports."

DIVE KEEPERS FIGHT.

Two Persons Dead and Another Dying as a Result.

Middlesboro, Ky., June 23.—A fight in Cabin Hollow, five miles from town, between rival dive keepers resulted in the death of Henry and James Shackelford, brothers, and the fatal wounding of Smith Overton. The Shackelfords ran a saloon in Cabin Hollow and a short distance away was one owned by Luke Hopper and Henry Miller. The proprietors of the two places frequently quarreled. It is reported that Hopper killed both the Shackelford brothers. Overton belonged to Hopper's side. No arrests have been made and more trouble is expected.

FIRST DEGREE MURDER.

Jury in the Tanke Trial Finds Against the Defendant.

Henderson, Minn., June 23.—The jury in the Tanke trial rendered a verdict finding the accused guilty of the murder of Wellner, his wife's former husband. The crime, under the indictment, is of the first degree. Tanke heard the reading of the verdict and he was cool throughout, showing no signs of emotion whatever. The jury was out only a little over five hours. The trial of Mrs. Tanke, the other defendant, will commence immediately.

Ninety Soldiers Have Died of Cholera.

Manila, June 23.—Ninety American soldiers have died of cholera since the disease first broke out. Owing to the increase of cholera the health authorities here and in the provinces are enforcing stringent regulations. The total number of cases and deaths from the epidemic is as follows: Manila, 1,530 cases and 1,226 deaths; provinces, 7,369 cases and 5,449 deaths.

EXTRA SESSION TALK

SENATE MAY BE CALLED TOGETHER TO CONSIDER CUBAN TREATY.

IS NOW BEING PREPARED

Understood That a Reciprocity Agreement With the New Republic Is Well Under Way, but There Will Be No Attempt to Ratify It Until After the November Elections—Submit Question to the Country First.

Washington, June 23.—The session of the senate during the present week will be devoted to odds and ends of legislation. It was the purpose of the Republican steering committee to make the Cuban reciprocity bill the order of business after the disposition of the inter-oceanic canal bill, but the two Republican conferences have rendered it evident that there could be no reciprocity legislation this session, so the steering committee has abandoned its purpose.

It is generally understood about the senate that a reciprocity treaty with Cuba is well under way, but it is not believed that there will be any effort to ratify it during the present session. The disposition, in brief, is to go to the country on the question in the hope that the cause will be strengthened thereby and that at least some of the beet sugar Republicans will be won over by next December. Senators generally do not count on an extra session immediately in case a treaty should be sent in, but many of them are inclined to believe that if the treaty is completed the senate will be called together in extraordinary session for its consideration soon after the November elections in order to get the treaty out of the way if possible before the beginning of the regular session in November. Indeed, it may be said that this is the present programme so far as a programme has been outlined, though its execution probably will depend somewhat on the result of the elections, and whether they are considered favorable to reciprocity or not.

RAPIDLY NEARING THE END.

This Session of Congress Will Probably Adjourn July 3.

Washington, June 23.—The opinion of the house leaders is that this coming week will be the last full week of the present session of congress. Although no resolution for a sine die adjournment has yet been introduced, the leaders generally fix the final adjournment for July 3. The Philippine civil government bill will hold the boards in the house, except for such time as is occupied in disposing of conference reports, until Thursday, and possibly Friday.

Members generally are using it as a vehicle for political speeches to be circulated in the coming campaign, and its passage by solid Republican vote is assured. The remainder of the week will be taken up with conference reports on appropriation bills and other measures in dispute between the two houses. As soon as the resolution providing for the final adjournment is adopted motions to suspend the rules will be to order at any time and this will greatly facilitate business during the closing days of the session.

ITS SCOPE EXTENDING.

Fully Six Thousand Positions Under Civil Service in the Philippines.

Washington, June 23.—Hon. W. Leola Pepperman, member of the Philippine civil service commission, is in the city, having just arrived on leave of absence from Manila. Mr. Pepperman said:

"The scope of the commission has been extended gradually until it now covers 6,000 positions, ranging in salary from \$15 per month to \$7,700 per year."

Mr. Pepperman says that the immediate reward to successful applicants has caused a change in the old classical system of education under the Spanish regime to one of modern character, or based largely on practical business lines. So great is the interest in the Philippines in acquiring a knowledge of English that 10,000 adults are going to night school in Manila. Before the American occupation typewriters were almost unknown in the Philippines, but now at every examination held by the commission applicants are qualifying in typewriting and stenography. Of the 6,000 positions mentioned 4,000 are held by natives, the remainder by Americans. The policy of the commission, Mr. Pepperman says, has been to replace the Americans by Filipinos as rapidly as possible.

SHOCKINGLY MUTILATED.

Remains of a Young Man Found in the Ruins of a Burned Boardinghouse.

Birmingham, Ala., June 23.—The mutilated remains of Odia Bunch, a young electrician employed in the steel mills at Ensley, were found in the smoking ruins of a large boardinghouse destroyed by fire at that place and the authorities believe the boy was murdered and the house fired to hide the crime. Bunch roomed upstairs and his body was found near a wrecked piano on the lower floor. His head was almost severed from the body and his dismembered limbs were found in various parts of the house. The face was badly burned, but could be recognized. Bunch, who was eighteen years old, came from Pulaski, Tenn., and is said to belong to a wealthy family.

Boat Went Over the Mill Dam.

Taylorville, Ill., June 23.—William O. Brownback and Orville E. Waters, sons of prominent business men of Edinburg, were drowned at Smiths Mills, on the Sangamon river, ten miles north of Edinburg. They were in a boat which went over the mill dam.

THE BOAT CAPSIZED.

Three Men Are Drowned While Fishing at Milwaukee.

Milwaukee, June 23.—Three men were drowned in Lake Michigan while fishing from a boat which capsized. A twelve-year-old boy who was also in the party was saved by clinging to the boat. The names of the drowned are: W. F. C. Falbe, of Milwaukee, James Beyer of Chicago and Joseph Greeley of New York city. Charles Tuschel, a twelve-year-old boy, living in Milwaukee, was saved.

The men were fishing near the government pier, and, according to the boy's story, Beyer, in trying to move to another part of the boat, fell overboard. He was hauled back, but during the performance of rescuing the boat filled with water and capsized. Beyer went down and was drowned immediately. Falbe went down twice and failed to rise, while Greeley swam about 150 feet and then sank. The bodies of Falbe and Beyer have been recovered.

Miners' Union Recognized.

Altoona, Pa., June 23.—The three hundred bituminous miners who since April have been on a strike at the Sonman shaft to force the operators to recognize the union have succeeded in obtaining recognition and will return to work at once. The president of the company is Mayor Vance McCormick of Harrisburg.

LOCAL NEWS NOTES.

J. G. Carson, of Portview, is in the city.

Will Arnold left for St. Paul this afternoon.

Mrs. Bodeen returned today from Ishpeming, Mich.

Mrs. George G. McGarry, of Walker, is in the city.

Mrs. Chas. Ekman returned this afternoon from St. Paul.

C. M. Opsahl returned this morning from Minneapolis and Lake City.

J. A. Arnold, the East Brainerd grocer, has gone to Minneapolis on business.

Ike Black, the popular traveling man from St. Paul is in the city this afternoon.

John Lajoie, a brother of L. A. Lajoie, came in from the west this afternoon.

J. A. Cochran and Rob Georgeson went to Jenkins this afternoon on a fishing trip.

Mr. and Mrs. J. B. Williams returned yesterday from their visit in North Dakota.

President Tighe, of the Minnesota Water Works Co., is in the city today on business.

Attorney A. D. Polk and daughter returned this morning from an outing at the lakes.

Mrs. James Clulow returned from Motley this afternoon where she officiated Sunday.

Mrs. J. A. Martin and Miss Lucille Atherton have gone to Duluth for an extended visit.

Arthur Fogelstrom will leave tomorrow for Omaha where he goes to work in a printing office.

A few members of Company F returned today from Lake City, among them being Roy Guthrie, Sam Weeks and David Marier.

R. G. Vallentyne has sold lots 2 and 3, block 14, Sleeper's addition, to Andrew Holmstrom. The consideration was \$200.

Alderman C. B. Kowley returned from the Twin Cities this afternoon where he had been on business. Mrs. Rowley returned this afternoon.

J. Morgan is in the city from Matoon, Wis., visiting his son, Walter Morgan. He may settle here if he finds a suitable business opening.

Many of the Epworth League delegates passed through the city enroute to their homes from the district convention just closed at Crookston.

Supt. Vanderslice, Dr. Courtney, General Manager Gemmell and F. A. Farrar have returned from a trip up the line where they spent a pleasant fishing outing.

Court Mississippi No. 55 of the United Order of Foresters will give a free ice cream social to the ladies of Court Magnolia No. 54 tomorrow evening in Columbia hall.

Bonness & Howe have moved their offices and hereafter will be found in the Columbian block. The room they have been occupying will be taken by Elder & Vallentyne.

Rev. C. E. Farrar last night delivered a powerful sermon, a touching tribute in honor of Mrs. H. Edwards. St. Paul's church was comfortably filled and the services were very impressive.

The Catholic Order of Foresters will give a dancing party in Elks hall in the near future. These events are looked forward to with considerable interest as the gentlemen who belong to this order in this city are all royal entertainers.

Mr. and Mrs. Schumaker and son and Miss Edna Fisher, sister of Mrs. Schumaker, arrived in the city this morning from Walker where they have been enjoying a pleasant outing. They took dinner with Mr. and Mrs. A. L. Mattes and left this afternoon for their home in Rock Island, Ill.

Math Kemp, of Whitefish lake, is in the city today.

B. M. Chipfield, of Canton, Ill., arrived in the city this afternoon.

Want Protection.
Two men continued walking back and forth on the east side of Seventh street north, between Ivy and Holly Saturday night and aroused suspicion, and it is avered, that if they repeat the dose, they will get something they are not looking for. The residents of this street say they want some light and better police protection there.

MAILS WERE RIFLED.
Important Discovery Made in Connection with the Wreck which Occurred Recently at Staples.

The following taken from the St. Cloud Journal-Press will be of interest:
"An important discovery was made by Wm. Hennemann, a guard at the state reformatory, this morning. Strewed along the line of the Northern Pacific for a distance of a block or more were numbers of letters, some of them opened and their contents if any gone, and others which did not give promise of having enclosures, being left untampered with by the men who had thrown them away. There were no letters there when Mr. Hennemann left his post on the reformatory fence last night and the letters must have been thrown from a passenger train during the night or early this morning. Up to noon, 29 letters had been turned over to Postmaster Wire and these were sent in this afternoon to the postoffice inspector at St. Paul.
"Later in the day other letters were found by section men along the railroad tracks above and below where the first lot were found by Mr. Henneman and men are now engaged in searching for others along the tracks. Most of the letters were from North Dakota points and were addressed to people east. They were dated June 19, and in all probability were in the mail car of train No. 8 when it was wrecked yesterday morning near Staples. The theory of the postal officials is that a sack or two of mail were stolen by tramps from the wreck in the excitement of the wreck and subsequent fire, and were brought east, being rifled enroute, and the letters were thrown away at St. Cloud. It is probable that a searching investigation will be made of the case by the postal authorities' secret service men."

AFTER TWENTY-SIX YEARS
Service with the Northern Pacific, John McGivern Severs his Connection to go with the M. & I.
John McGivern, who has been yard foreman for some time for the Northern Pacific in this city, has tendered his resignation and left today for the north. He has accepted a position as road master for the Minnesota & International. The M. & I. has divided its jurisdictions in two and Mr. McGivern will have charge of the northern half.
John McGivern has been with the Northern Pacific continuously for the past twenty-six years. He served the company during its early existence and was road master at one time between Fargo and Carlton. His many friends will be glad to hear of this advancement and all will wish him success in his new undertaking.

The Annual Convention of the National Educational Association, will be held at Minneapolis, Minn., July 7 to 11, 1902. For the above occasion The Northern Pacific Railway Co. will sell tickets July 5, 6, 7 and 8th 1902, limited to continuous passage in each direction. Going trip to commence on date of sale with final return limit of July 14th, 1902, at one first class fare plus \$2.00 to cover membership fee) for the round trip. 93tf

Negative Virtue's Poor Reward.
"Why, papa," she argued, "you know Arbutnot never drinks, chews, smokes, gambles or swears."
"Yes, I know," the rugged unromantic old man answered, "but I don't want a chap for a son-in-law who merely doesn't do things."—Chicago Record-Herald.

The Charge.
Blobs—I hear you lost your suit. Was the judge's charge unfavorable?
Slobbs—Oh, I'm not kicking about that. What makes me sore is my lawyer's charge.—Philadelphia Record.

Wrinkles come, the face fades, but the soul speaks just as eloquently from the eye where hope has conquered care.—Schoolmaster.

ADDRESS TO THE PUBLIC.
President of the Mine Workers Replies to Operators' Statement.
Wilkesbarre, Pa., June 23.—President John Mitchell of the United Mine Workers of America has issued an address to the public. It is partly a reply to the letters of the operators declining to accede to the demands of the union, which were published about ten days ago.
Briefly summarized, the address says that every possible means was resorted to in the effort to prevent the strike, claims that the cost of living has increased to the point where the miner was compelled to ask for higher wages, denies the allegations of the operators that the productive capacity of the mine workers has fallen off, but, on the other hand, has increased; quotes official figures to substantiate the contention that the employers can pay higher wages without increasing the cost of coal to the consumer; asserts that the coal carrying railroads, which control about 85 per cent of the mines, absorb the profits of their coal companies by charging exorbitant freight rates; claims that a ton at the mines means anywhere from 2,740 to 3,190 pounds, instead of 2,240, and says that more men are killed and injured in the anthracite mines of Pennsylvania annually than were killed or wounded during the Spanish-American war. The address also says that in the event the union is crushed, which it adds is not likely, a new organization would rise from its ruins. It concludes with another appeal for arbitration of all questions in dispute.

WILL WAIT FOR TROOPS.
Toronto Company Abandons Attempt to Run Street Cars.
Toronto, Ont., June 23.—The first attempt made by the Toronto street railway to run their cars with men hired to take the places of the striking motormen and conductors was met with violence. Only one effort was made to reopen the traffic and the temper shown by the strikers and their sympathizers convinced the officials that it would be impossible to run cars without a strong protection. It was decided to appeal to the authorities for troops and to suspend operations until these arrived. Stones, sticks, eggs and stale vegetables were the weapons used by the strike sympathizers to prevent the railway company from giving a service. Several of the imported men were roughly handled by the mob, and Motorman Johnson, an old employee of the company, came near losing his life. Very few arrests were made.

JEALOUSY THE CAUSE.
Negro Veteran of the Spanish War Commits a Brutal Murder at Duluth.
Duluth, June 23.—A negro porter named Charles Henderson killed a colored woman named Ida McCormick and threatened the lives of several white women in a flat on West First street, near Second avenue.
Jealousy is supposed to have been the motive. As near as can be learned Henderson called at the woman's apartments and made certain accusations. In the quarrel that followed Henderson stabbed the woman with a huge pocket knife. She ran into another apartment in the building, the negro stabbing her as she ran. Here Henderson stabbed her again and again and she died in a few moments. The murderer was immediately arrested. Henderson served with the Eighth Illinois in the Cuban war.

MOBBED THE POLICEMAN.
Clubbed an Eight-Year-Old Boy Into Unconsciousness.
Terre Haute, Ind., June 23.—Just before the end of the Terre Haute-Rock Island base ball game here a park policeman struck an eight-year-old boy on the head with a club, knocking him unconscious.
The policeman was thrown to the ground and severely handled by the crowd before he was rescued by regular and special policeman and escorted to a place of safety under the grand stand, where he was kept until a reinforcement of officers arrived.
Stones were thrown at the patrolmen as they escorted the special policeman to the patrol wagon. Several arrests were made. The boy is in a critical condition.

FOUR BOYS DROWNED.
Fatal Accident at a Turnverein Picnic Near St. Louis.
St. Louis, June 23.—Four boys were drowned by the capsizing of a boat at Fern Glen, a resort fifteen miles from here. They are: Eddie Flynn, seventeen years; Robert Regan, sixteen years; Peter Larkia, seventeen years; Alphonse Kerns, sixteen years.
The drowning occurred at the annual picnic of the St. Louis Turnverein. The boys were rowing in a skiff on the Meremac river when it capsized and the occupants were thrown out. Hundreds of people on the shore saw the boys struggling in the water, but were unable to rescue them.

Miners Vote to Return to Work.
Charleston, W. Va., June 23.—Eighty-nine men at Winifred, one of the largest mines in the Kanawha field, held a meeting during the day and voted on the question of returning to work. It resulted in but one negative vote and Manager Cassidy expects them all in the morning. They have been out but one week.

Big Blaze at Portland, Ore.
Portland, Ore., June 23.—A fire that started shortly before midnight in the Phoenix iron works, formerly the Wolf & Zwicker plant, burned for four hours and destroyed six blocks of buildings, valued at \$600,000. The insurance amounted to about \$200,000. It was long after daylight before the fire burned itself out.

Pope to Select Alfonso's Wife.
London, June 23.—The correspondent of the Daily Express at Rome in a dispatch says that the queen dowager of Spain has asked the pope to suggest an eligible bride for King Alfonso. It is reported, continues the correspondent, that the pontiff has recommended either an Austrian or a Bavarian princess.

Bids Wanted.
Sealed bids will be received by the undersigned until Tuesday, June 24, at 6 p. m., for the carpenter work and finishing of the Swedish Baptist church, corner 10th and Oak streets. Plans and specifications made known on application. The right to reject any and all bids is reserved.

A full line of Diamond and Seal of Minnesota Buggies, in large variety, at Hessel's, corner of Fourth and Front streets.

A large lot of all kinds furniture storage, household goods, bicycles. Store 617 Main street, opposite depot.

BRainerd LOST
GAME IN NINTH

A Disasterous Finish to What was
Considered a Good Game Yes-
terday Afternoon.

ST. CLOUD TAKES THIRD GAME.

Bemis in the Box for the Locals
Showed up Well and Pitched a
Good Game.

St. Cloud 8; Brainerd 7.

With the score 3 to 7 in the first
of the ninth inning in favor of Brainerd
and with one man out, some
seven hundred faithful Brainerd fans
were treated to an exhibition that
was certainly disheartening, the St.
Cloud men pounding the old sphere out
for four hits netting them five runs.

The game was won in the ninth
in this manner: Dominick up walk-
ed, but Kilroy up went out from
Bemis to Williams. Tucker slammed
a liner out between first and
second, which should have been
picked up by McCarthy, and Domin-
nick scored. Tucker stole second
and Ball up took a swip for a two-
bagger scoring Tucker. Vossberg
and Lynch followed, each making a
single and before the end of their
first half of the inning they had
crossed the home plate five times.
During the last half of the ninth
Brainerd failed to score and the game
went to St. Cloud.

Chas. Bemis, Brainerd's new
pitcher, was in the box yesterday and
he won a place in the hearts of the
fans from the start. He reached
Brainerd yesterday morning after
riding continuously five hundred
miles and was consequently very
tired, but at that had the Granite
city boys sawing wood all the time.
But four dinky hits were made off
him up to the ninth inning. He
played a heady game throughout and
had it won.

Brainerd yesterday certainly dem-
onstrated that they are equally in
the first class with St. Cloud, for the
men from down the line were out-
played in every respect. The out-
field of the St. Cloud team was weak
yesterday by the substitution of Ball
in center field in the place of Let-
teau.

The crowd was treated to another
exhibition of kicking yesterday, but
those who were in the grand stand
will admit that there was good rea-
son to kick on one of the umpires.
He was giving Brainerd decidedly
the worst of it and he was taken out
ere the game was half ended. Brainerd
is weak in spots but the manage-
ment promises that this will be
remedied and that Brainerd will
have as good a team as there is in
the state, outside of the cities. The
season is young and there will be
some warm games before the end.

More grand stand room has been
made with a contract has been
made with A. A. White for the en-
largement of the present one so that
there will be seating capacity for five
or six hundred people.

O. Kilroy was on the slab for St.
Cloud yesterday. He was one of the
Globe Trotter team that played here
sometime ago and got stranded at
Ashland. The Brainerd men hit
him quite freely getting in all twelve
hits. He struck out only six men.
But four hits were made off Bemis
up to the ninth when four more
were added to the list, making eight
in all. Bemis demonstrated his abili-
ty of keeping his head in emergency
cases. Twice was there a man on
third base, once in the first inning
and once in the fourth, and he struck
out three of St. Cloud's men in reg-
ular order, pulling out of a bad hole
each time. There was some wild
pitching on both sides but nothing
that resulted seriously for either
team.

Of the individual playing it might
be stated that the Brainerd boys
generally played a better game yes-
terday. Spellicy at third was not in
form yesterday, but this was really
the first game that he has played
with Brainerd this year, as he played
last Sunday in the right field. Chas.
McCarthy at second, for some reason,
has not been playing his game this
year. He has been known always
as one of Brainerd's very best players
but he has fell down wonderfully.
He was not feeling well yesterday
and this had something to do with
his playing. The fielders of the
Brainerd team ought to be able to
stop the grounders which come to
them before they run clear to the
fence. Twice or three times yester-
day this happened. Flynn at short

played his usual stocky game yester-
day and has firmly cemented him-
self in the hearts of Brainerd fans.
Williams at first played a good game.
Every confidence in the world is
staked on the team by the manage-
ment, however, and if the boys will
get down to business there is no rea-
son why they cannot win out, clean-
ing up everything in this part of the
country, but there must be more
diligent practice and better team
work.

The following is a summary of yes-
terday's game:

St. Cloud	Ab	R	H	Po	A	E
Bennett 2b.	5	1	1	3	2	1
Dominick rf.	2	2	0	0	0	0

Struck out--By Kilroy,	6;	by Bemis,	8.						

Bases on balls—Off Kilroy 4; off Bemis 4.
Two base hits—Ball, Williams, Bemis, Murphy.
Umpires—Merrill and Ahlers.
Attendance—700.

Tickets will be placed on sale to-
morrow noon at Dunn's drug store
for the great game of base ball to
occur next Saturday afternoon be-
tween the city officials and the Brainerd
lawyers. Tickets are placed on
sale in advance for the convenience
of those who would avoid the mob
that will meet them at the gate.
The supply on sale in advance will
be limited and those who want to

It Costs no More to Own a Home

and pay for it in small monthly payments, and soon have it
free and clear of incumbrance, than it does to rent a shack
and own nothing but a bundle of worthless rent receipts.
I can show you a dozen nice houses of from four to ten rooms
each, well located in different parts of the city that you will be
proud to live in and call your own. Easiest terms ever known.
P. B. NETTLETON,
Palace Hotel.

get there early and get a good seat
are advised to buy early. Don't
wait for some one to give you a comp,
for you won't see the game if you do.
It's "show me" at the gate or run
along home, little boy.

Both teams are in active training
for the event. Every evening from
now until the game will be devoted
to practice and the side that wins
out will have to make good in nine
hotly contested innings and maybe
more. Camp announces that he has
concocted a number of unique rules
according to which the game will be
played. Chief Nelson for the offi-
cials announces that he has secured
the services for that day of "Kid"
Brockway and "Sport" Hurley, two
young colts, and the lawyers are
equally delighted over the discovery
of Pitcher Larson, who is not a "has
been" but "is." The full line-up
will be published tomorrow.

Tomorrow the Brainerd team will
go down to St. Cloud to play the
team of that city. There is a G. A. R.
encampment on there and the
three days will be big ones for the
Granite city.

The printers want a game with
the barbers of the city and serve
this notice as a challenge to them,
the game to be played at the Brainerd
athletic park. The amount of—
(pop) to be played for will be agreed
upon later.

For Sale.

Half price on wall paper. Hoffman

STILL ANOTHER
VICTIM OF WRECK

H. Montgomery, Fireman of En-
gineer Scott's Train, Succumbs
At Sautarium Saturday.

OTHER PATIENTS WILL RECOVER

Funeral Services Over Remains of
Those Killed Held at Staples
Yesterday Afternoon.

Another victim of the fatal North-
ern Pacific wreck which occurred
west of Staples a few nights ago is
added to the list of the dead. His
name is H. Montgomery, who was
fireman on No. 8, the engine which
Walter Scott was on. Montgomery
was brought to the Northern Pacific
hospital in this city suffering from a
badly crushed leg and blood poison-
ing set in. He died Saturday even-
ing and the remains were taken to
Staples for interment.

The other injured men at the hos-
pital are doing as well as can be ex-
pected under the circumstances. En-
gineer Schultz will recover and L. A.
Kennedy is about ready to leave the
Sanitarium.

The funeral services over the re-
mains of the victims of the wreck
who lived at Staples were held yes-
terday afternoon at that place and
were very impressive. Quite a num-
ber from this city who were acquaint-
ed with the men went down to at-
tend the ceremonies.

DELEGATES ELECTED.

MUSIC AND DRAMA.

PALOMA THE GREAT PIANIST.

The wonderful child pianist will
be at the Brainerd opera house to-
morrow night. This will be a treat
that has not been enjoyed in Brainerd
the past season.

Paloma was born in San Francisco.
At the early age of four she showed
already a decided talent for music.
She received her first lessons from
her father, but soon had to be turned
over to a renowned local teacher
who, however, after a short time was
forced to declare that the pupil had
outgrown her master. She accord-
ingly was placed under the tuition
of Herr Thilo Becker, a graduate of
the Leipzig Conservatory of music
and pupil of Krause.

Not satisfied with executing the
finest pieces of Chopin, Mendelssohn,
Moszkowski, Bach and Wagner, she
like some of her predecessors in the
world of music, soon gave vent to
her feelings by making compositions
of her own which astonished tried
musicians and critics of the first
order by her splendid conception and
boldness of execution. The fact
that she has completed over thirty
original compositions bears testi-
mony enough of the genius whose
dictations she merely follows, being
obliged to bring forth her sweet
strains of music like any of the sing-
ing birds who form our delight when
roaming about in fields and woods.
Several of her compositions, as the
Pastorale, Op. 21, and Battle of the
Giants, Op. 31, have been justly de-
clared as masterpieces.

COSTUMES CORRECT.

When it came to dressing the
characters in the polite comedy "To
Rich To Marry," which comes to the
Brainerd Opera House July 16th,
Edwin Owings Towne looked to it
carefully that the costumes should be
minutely correct.

Mr. Towne visited a Dunkard vil-
lage and after a deal of trouble,
secured the consent of several per-
sons to pose for photographs, and
from these photographs, the make up
and costumes of the characters in
the play are patterned. It was
necessary to have the clothes to be
worn in the comedy made from cloth
that would exactly resemble the
material used by the Dunkards.

Mr. Towne thought the easiest way
would be to secure a dress that had
been worn by a Dunkard, so he asked
a woman if he might have one of her
dresses and said he was willing to
pay for it. "Rag man's prices,"
asked the woman as if she did not
relish the idea of Towne in intimat-
ing that her dress was so worn that
it ought to go to the rag bag.

Prof. C. T. Gleason, the piano
tuner, is in the city again to take up
the unfinished work that he had to
leave on his last trip on account of
the lack of time. He can be seen at
the Arlington hotel. 18-12

HELD TO GRAND JURY.

Dill Guyette, his Weary Nibs, that took a
Swipe at Officer Hurley is
Bound Over.

Dill Guyette, as he gave his name
in police court a week or ten days
ago, was up before Judge Blewitt
late Saturday afternoon, charged
with assaulting Officer Hurley at one
of the houses of ill fame on Third
street. It did not take long to have
him held to the grand jury, bond be-
ing fixed at \$500.

Having added a full line of staple
groceries, canned goods, etc., to our
market we ask an inspection and trial

**Cancer and Consumption
Cured In Duluth.**

These diseases cured by the Actinic or Violet Ray Light cure
that has been used with great success in Europe and New York
City. In the latter place hundreds are being treated daily by
this wonderful light. Absolute cures are being effected and all
who try it are benefited. The treatment consists in powerful
rays of light from a 500 candle power lamp which are passed
through condensing lenses and thrown on the affected parts.
These rays of light destroy the germs of disease without injury
to the healthy tissue. It quickly relieves the pains of cancer,
the severe coughing in consumption and heals all running sores.
It is absolutely painless. Already a number of Duluth and
Superior people have been treated with astonishing results.

ONLY TWO MEN ESCAPED

THE CHINESE CRUISER KAI-CHI
WRECKED BY A TERRIFIC
EXPLOSION.

TERRIBLE LOSS OF LIFE

One Hundred and Fifty Officers and
Men on Board Are Either Killed or
Drowned—Shattered Craft Sinks in
Thirty Seconds—Catastrophe Occurs
While the Vessel is Lying in the
Yangtse River at Shanghai.

London, June 23.—A dispatch to
the Central News from Shanghai says
that the Chinese cruiser Kai-Chi was
wrecked by a terrific explosion while
lying in the Yangtse river. The Kai-
Chi sank in thirty seconds and 150
officers and men on board were killed
or drowned. Only two men on board
the cruiser escaped death.

MAY COST FOUR LIVES.

Discharged Soldier Resents Slur on
the Army in the Philippines.

Knoxville, Tenn., June 23.—An at-
tack upon the American army in the
Philippines made at a garden party
here caused a desperate fight which
may cause four deaths. One man is
dead and three others, including the
trader of the soldiers and a dis-
charged regular recently returned
from Manila, who defended the name
of the military, are probably fatally
wounded. John Kennedy is dead and
Alonso Barger was stabbed twenty
times and cannot recover. Charles
Hobbs was badly cut about the face,
neck and breast, and Lincoln Monday
stabbed, his jugular vein being almost
severed.

Monday, who served three years in
the archipelago as a member of the
Ninth infantry and who is a survivor
of the massacre of Company C at
Balangiga, Samar, gave Barger the lie
when the latter declared that two-
thirds of the American soldiers who
went to the Philippines were hoodlums
and the other third were cowards and
bullies.

In the fight which followed Hobbs
and Kennedy took the part of Barger.
All fought with pocket knives until
Monday, from loss of blood, sank to
the ground. Then one of his friends
on the ground handed him a revolver
and he shot Kennedy. Monday then
shot at Barger and Hobbs, but failed
to hit either.

PICNIC FOR MANDARINS.

Are Making a Good Thing While Col-
lecting China's Indemnity.

London, June 23.—The Peking cor-
respondent of the Times, commenting
in a dispatch on the question of
whether the payment of the Chinese
indemnity to the foreign powers be
made in gold or silver, says the Amer-
ican interpretation of the protocol
meets with no approval from the other
governments concerned and that a re-
consideration should show the United
States that no service is done to China
by listening to her appeals.

The mandarin goes on the correspond-
ent, welcome the indemnity as a
means of squeezing the people, while
placing the odium thereon on the for-
eigners. Cases which constantly oc-
cur prove that Chinese officials are
wringing from the people almost three
times the amount required to pay the
indemnity, and the fall in silver, al-
though great, is insignificant in
amount compared to the large sums
thus exacted.

The Times correspondent says also
that Russia has withdrawn from the
foreign government of Tientsin and
that General Wogack, her representa-
tive, has started for home, refusing to
be a party to the imposition upon
China of the new conditions drawn up
by the allied commanders.

AGUA DULCE CAPTURED.

Town Yields to Colombian Troops
Without Resistance.

Panama, Colombia, June 23.—The
fleet of government gunboats returned
here during the afternoon with the
news that the town of Agua Dulce
had been captured Thursday, June 19.
As the government forces approached
Agua Dulce more than a hundred go-
vernment soldiers, who had been pre-
viously captured by revolutionary
forces under General Herrera and had
been incorporated in the Liberal army,
joined the government troops under
command of General Berti.

Agua Dulce was captured without
resistance. The government gun-
boats went up the bay as far as the
town itself. When the revolutionists
sighted them they fled from the town,
leaving behind 300 head of cattle and
one sailing vessel full of produce.

ORDERED TO SHOOT TO KILL.

Paterson Weavers Divided on the
Question of Resuming Work.

Paterson, N. J., June 23.—There was
no disorder here during the day. The
militia is still on guard at the mills
and some of the details are stationed
at the upper windows of each place,
armed with rifles. The general orders
are to shoot to kill if a mob appears.

The weavers are divided into two
sections, one portion favoring going
to work in the morning regardless of ex-
isting conditions. Just about half,
however, are talking in a different
vein. They object to working under the
protection of soldiers. It is hard
to tell to which counsel the great body
of the workers will listen. It is pretty
certain that should the decision be for
a general stoppage of work until the
troops depart the shutdown will be
long and protracted.

All Trace of Convicts Lost.

Vancouver, Wash., June 23.—Eight
members of the sheriff's posse chasing
Tracy and Merrill, the Oregon con-
victs, have returned here and reported
that the bloodhounds dropped the
trail of the convicts Saturday after-
noon and that since then all trace of
the men has been lost.

HUNDRED MILES AN HOUR.

Terrific Speed of Runaway Cars on the
Duluth and Iron Range.

Duluth, June 23.—Probably in all
the history of railroading in Minne-
sota there was never a train reduced
to finer pieces than a log train which
ran away on the Duluth and Iron
Range road near Waldo. The train
was standing on the track unattached
to a locomotive. Running south from
Waldo is a 2 1/2 per cent grade, or 132
feet to the mile. The cars started
down this declivity and quickly at-
tained a terrific speed. Fortunately
there was nothing in the way of the
resistless mass of timber on wheels.
Down the grade the train rushed, with
ever increasing speed, swaying and
roaring like a cyclone, hugging the
rail. It was a distance of eight miles
from Waldo before it left the track on
a sharp curve. The speed of the
train is estimated to have been 110
miles an hour. It ignored the curve
and kept right on over a high em-
bankment. The wreck boggles de-
scription. It is no exaggeration to
say it was reduced to kindling wood.
The cars were literally broken into
fragments. Wheels from the cars were
hurled into the woods 150 feet from
the right of way and logs eighteen
inches in diameter were broken in two
like matches.

CAUGHT IN THE RUINS.

St. James Hotel at Dallas, Tex., Col-
lapses, Imprisoning the Guests.

Dallas, Tex., June 23.—The St. James
hotel, a three-story building, situated
on Murphy between Main and Com-
merce streets, collapsed at an early
hour. There were known to be thirty
guests in the hotel, of whom three
have been taken out, one dead and
two injured. Firemen are working on
the ruins and more bodies will be
brought out soon. The building is an
old one, having been erected twenty-
five or thirty years. It had a large
country patronage.

Is Governor of the Transvaal.

Pretoria, June 23.—Lord Milner, who
was British high commissioner in
South Africa, took the oath as gov-
ernor of the Transvaal here during the
day in the presence of a large assem-
blage of people. He was heartily
cheered by those present and a salute
in his honor was fired from the fort.

Colonel Lynch Again Remanded.

London, June 23.—Colonel Arthur
Lynch, member-elect of parliament for
Galway and former officer in the Boer
army, who is in custody on the charge
of high treason, was again remanded
until June 24, witnesses in the case not
having arrived in London.

TELEGRAPHIC BREVITIES.

The roundhouse of the Southern Pa-
cific railway and twelve locomotives
at Fresno, Cal., were destroyed by fire.
Estimated loss, \$200,000.

Frost is reported from many locali-
ties in Western Nebraska. Along the
Platte valley west of Kearney it did
some damage to gardens.

A violent shock of earthquake, ac-
companied by subterranean rumblings,
is reported from Joneo, in the depart-
ment of Calabria, Italy. No damage
was done.

In an open letter to Chairman L. A.
Rosing, Hon. John Lind of Minneapo-
lis has announced his irrevocable de-
termination not to again be a candi-
date for governor of Minnesota.

keys, 10@12c; chickens, hens 10c,
spring 15@20c.

AMERICAN WOMEN SUPERB.

Countess Rochembeau Says France
Has No More Beautiful Daughters.

Away from the nation that had been
happy to honor them as it also hon-
ored the memory of Admiral Rochem-
beau the present count and countess
of that illustrious name sailed the
other day on the steamship Lorraine,
says the New York Journal. Before
the big ocean liner departed the count
and countess had gracious words to
say of their visit to America. Probably
most interesting were the observations
of the bright and witty countess anent
her American sisters.

"The American woman," said the
countess, clasping her hands and press-
ing them prettily, "believe me, she is
superb. France has no more beautiful
daughters. Indeed, I am half moved
to doubt if they are as beautiful. I do
not think that our Frenchwomen can
claim such exquisite complexions.

"I like your outdoor American girls as
well—the girl that runs her own auto-
mobile and plays golf in the bright
sunshine. To me she is a type dis-
tinctive. To play golf one has to wear
flat heeled boots. Frenchwomen have
of flat heeled boots a horror. But if
the American girl for her golf sacrifices
daintiness of feet—oh, the pretty tan
she gets on her soft cheeks, the lovely
brown with the red beneath!

"They cannot surpass the French-
woman in dress—that is, I do not think
so." The countess was herself most
gracefully gowned in a soft gray stuff.
"I will not say, however, that they do
not equal us. Some of the women—no,
some I have seen—wear what a wo-
man in France would not think of per-
haps. But, then, I have no doubt that
Frenchwomen carry off with a style
certain unique fashions that American
girls would hesitate at adopting."

Count Rochembeau fingered an end
of his mustache and smiled frankly.

"I cannot say too much of the mag-
nificent reception accorded us in Amer-
ica. The picture most vivid in my
mind of all my visit was of the French
cruiser Gamois at Annapolis just as
President Roosevelt was leaving it—
the booming of the guns, Admiral
Fournier standing on the bridge, the
men at attention on the decks and the
staircase figure of your president stand-
ing bareheaded in the boat. It was but
an incident, but it moved me strongly.
I can close my eyes and every line of
the picture is in my mind."

"Both the count and myself," said
the countess retrospectively, "think
Chicago perhaps the most typical
American city. New York—it is dif-
ferent, cosmopolitan. I guess we liked
it best. But St. Louis—ah, St. Louis!"
She turned to Count Rochembeau.
"But for our children, you know, we
would prolong our stay in the fall and
see the St. Louis exposition. I am sure
it will be magnificent, and our visit
there was made memorable because
there we met your Mark Twain.

"To me," said the countess eagerly,
"he sent a beautiful letter of farewell.
It is precious to me, that letter of the
great Mark Twain. It is a treasure."
Only a few minutes before the sail-
ing of the Lorraine the countess was
presented with a large American flag
of silk, a gift of the Daughters of the
Revolution. In gold letters were,
"America to France," and beneath in
smaller letters, "Souvenir d'Adieu."

COURT DRESS FOR MEN.

Costumes to Be Worn at the Corona-
tion Functions.

The rules for full court dress are
very strict and must be obeyed abso-
lutely by those attending the corona-
tion ceremonial in Westminster abbey,
leaves, court balls and other occasions
upon which the king is present. There
are no exceptions to this rule, accord-
ing to the New York World, and the
members of the special embassy from
the United States must appear in full
court dress, which includes knee
breeches, silk stockings, a cocked hat,
a sword, gold lace and gilt buttons
with "mounted crowns" on them.

Here is the full court dress for those
gentlemen who have no naval, military
or civil uniform:

A dark colored cloth dress coat, to be
worn unbuttoned, single breasted, with
standing collar and pointed pocket
flaps and with gilt convex buttons
with mounted crown; white waistcoat
without collar, but with similar but-
tons of smaller size; breeches of black
cloth or of cloth of the same color as
the coat, to be worn with black or
white silk hose and shoes with gilt
buttons, or black velvet knee breeches
with black silk hose and shoes with
gilt or steel buttons; a black beaver
or silk cocked hat, with black silk cock-
ade, gold lace, loop and button; a
sword and silk shoulder belt, with
frog of the coat color, and a white
neckcloth.

The only deviation from the above
is when one wishes to wear a black
silk velvet coat. This need not have
embroidery, but must be of the same
shape as the coat above described, and
a black silk velvet waistcoat may be
worn with it.

The members of the United States
special embassy, with the exception of
General Wilson and Admiral Watson,
who will wear their uniforms, will ap-
pear in the above described costumes
at the coronation functions.

Building the Largest Automobile.

Frank Burgenheim of New Albany,
Ind., is constructing the largest auto-
mobile in the world. It is almost as
large as an ordinary electric car, which
it resembles in appearance, and will
seat thirty persons, says the Indianapo-
lis Sentinel. Steam power will be
used in propelling it. The largest auto-
mobile in the United States is in use
in Washington. It carries sixteen per-
sons. Mr. Burgenheim claims that his
is the largest automobile in the world.
It will be completed in a few weeks.

WANTS.

WANTED—A good girl for general
housework. Inquire at 907 Holly St.

WANTED—A good woman cook.
Inquire of Mrs. Swanson, Swanson
Hotel. 13-1f

Lost—Pocket book containing cer-
tificate of deposit. Finder will be
liberally rewarded by returning same
to this office.

Lost—Brown Spaniel dog, marked
with white on breast, name of owner
on collar. Send information to 219
4th ave. East Brainerd and receive
reward. 18-16

Saved from an Awful Fate.

"Everybody said I had Consump-
tion," writes Mrs. A. M. Shields, of
Chambersburg, Pa., "I was so low
after six months of severe sickness,
caused by hay fever and asthma,
that few thought I could get well,
but I learned of the marvelous meri
of Dr. King's New Discovery for
consumption, used it, and was com-
pletely cured." For desperate
throat and lung diseases it is the
safest cure in the world, and is in-
fallible for coughs, colds and bron-
chial affections. Guaranteed bottles
50c and \$1.00. Trial bottles free at
McFadden Drug Co., and H. P.
Dunn & Co.

Store your Stoves and Household
goods with D. M. Clark & Co.

POISONS OF THE BLOOD

Must Be TREATED Internally Only

You may have just recently contracted
Blood Poison, or its lingering taint you may
have had for years. It is safe to say that
you are not cured. You know that you are
not. The old symptoms and troubles return
every now and then. These are sores in
your mouth, sores on your tongue, your hair
is falling out, there are copper colored spots
on your back and shoulders, nudsels on your
skin bones, sharp, cutting pains in your
joints. There is only one positively guaran-
teed cure in the world today for blood poi-
son, in any stage, and that MEDERINE. It
scourges out the impurities, cleanses and
purifies the system, strengthens and invigor-
ates the whole constitution. MEDERINE
is not only a powerful blood purifier but a
system builder. It eliminates every trace
of the poisonous virus, clears and beautifies
the complexion and renders the skin soft and
velvety. We have thousands of testimonials
from people in all walks of life, who have
been cured by MEDERINE after trying all
other treatments. Write MEDERINE REM-
EDY CO. West Superior, Wis., for their
system of treatment. All letters answered.

MEDERINE

The only Remedy that Cures
